

# LONG LEG FLOOR & WALL TILE SPACERS

**LLS2 -2mm, LLS3 -3mm, LLS4 -4mm, LLS5 -5mm**

Ensure perfect tile alignment and consistent grout lines every time with Vitrex Long Leg Tile Spacers. Designed for both wall and floor applications, these high-precision spacers feature extended 15mm legs for enhanced accuracy and stability. Reusable and compatible with a wide range of tile types, they are available in 2mm, 3mm, 4mm, and 5mm sizes and offered in convenient tubs or resealable bags to suit your project needs.

**EASY TO USE**

Just insert between tiles into the tile adhesive before setting

**CONVENIENT**

Available in both resealable bags and tubs for easy storage

**LONGER LEG**

Extended 15mm leg for enhanced alignment accuracy and stability

**VERSATILE**

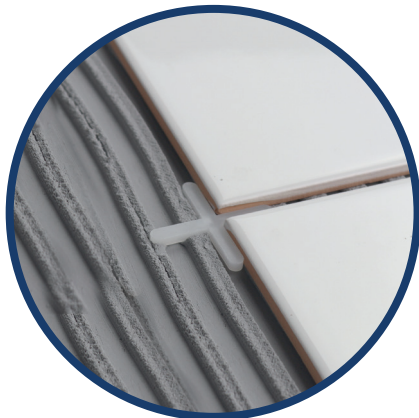

Available in a range of leg thicknesses for different grout line widths

**CORNER STYLE**

Place in between the tiles and simply grout over the top

**TOMBSTONE STYLE**

The 'tombstone' style for easy removal and reuse of spacers
