

PROFESSIONAL TILING SPONGE

PTS001

Designed to clean up grout, the Vitrex Professional Tiling Sponge is ideal for a variety of general cleaning tasks. It is heavy duty and extra large, which makes it perfect for big clean-up jobs. Rounded corners help prevent digging out grout and the hydrophilic cell design gives the sponge a high water holding capacity.

VERSATILE

Perfect for cleaning up during tile installation and other clean up projects

HYDROPHILIC

The cell design holds a large amount of water

MINIMISE MARRING

Rounded corners reduce the chance of digging out or marring grout before setting
