

GROUT APPLICATION BAG

GAB001

Fully washable and reusable, the Vitrex Grout Application Bag is suitable for applying grout easily directly into the desired area. It is designed to ensure smooth and precise application, and therefore helps to achieve less mess than conventional grouting. It is ideal for polished porcelain tile grouting, where undesirable contaminants in the grout can cause discolouration issues

DURABLE
Fully machine washable and reusable

QUALITY
Made of puncture and tear resistant coated vinyl

APPLICATION
Applies grout with less mess and less waste

PROTECTS
Protects hands from grout and other harsh substances

REINFORCED TIP
For smooth application and longer life
