

MANUAL TILE CUTTER

MTC410, MTC510, MTC610

Tile cutting can be tricky - so we designed the new Vitrex Manual Tile Cutters to make it simple. Our innovative two-step Perfect Cut system delivers clean, precise breaks every time: push the carriage to the front end cap, snap, and you're done. With a reversible mitre guide for perfect angled cuts, a magnetic built-in side support, this tile cutter makes light work of both ceramic and porcelain. Built for DIYers but with professional precision, Perfect Cut helps you achieve flawless results, effortlessly. Cuts: Porcelain & Ceramic
